Upcoming Events

Year 3/4 and 4/5A Students will be learning about Waste Management and Sustainability in their Term 4 HASS unit.

To assist students' understanding and assessment competition, the City of Moreton Bay Council's Waste Management Education Officer will be presenting an hour-long Waste and Recycling workshop on Tuesday 20 October. During this presentation, students will be able to answer the questions they have developed and ask any extra questions.

School Waste Minimisation Program

Rethink Waste. Let's get it sorted

The average school in Moreton Bay generates 809L of waste per day. That's enough to cover a school oval in a 17cm layer of waste per year! It's not all doom and gloom though. Data collected through Council's School Waste Minimisation Program (SWMP) suggests that the average school's waste stream could be reduced by up to 66% through recycling and organics collection programs that divert these valuable materials away from landfill.

The SWMP is Council's FREE education service to schools. Designed as a milestone program, schools are supported and assisted through education, training, waste audits, guidance and donated infrastructure, to implement improved waste management practices. 68% of schools across the Moreton Bay region are already members of the SWMP. The program has assisted many of these schools to reduce their waste generation levels by an average of 19%. The SWMP helps schools reduce costs, reduce waste to landfill and provides school-wide waste education.

Free Presentations for SWMP Members

Waste and Recycling

Discover the effects of sending waste to landfill, the importance of recycling and closing the loop, and how the recycling materials are sorted. Identify higher actions on the waste hierarchy which you can implement.

Working up the Waste Hierarchy

Discover the waste hierarchy and how to avoid, reduce and reuse materials. Become a change maker through implementing a behaviour change action plan.

Nature's Recyclers

Learn how to set up and maintain composting and worm farm systems at your school. Discover how organic materials are recycled naturally through decomposition and the amazing critters that help.

Litter and the Environment

Explore the impact of litter on the environment, identify littering behaviours and create positive solutions.

Food for Thought

Investigate the journey of food from 'paddock to plate,' reasons behind food wastage and how we can make choices to reduce food waste.

What's the Buzz?

At Bribie Island State School, we're reminding our students that kindness starts with ME. When we "Be the I in KIND", we recognise that every one of us has the power to make a difference through the way we speak, act and look out for those around us.

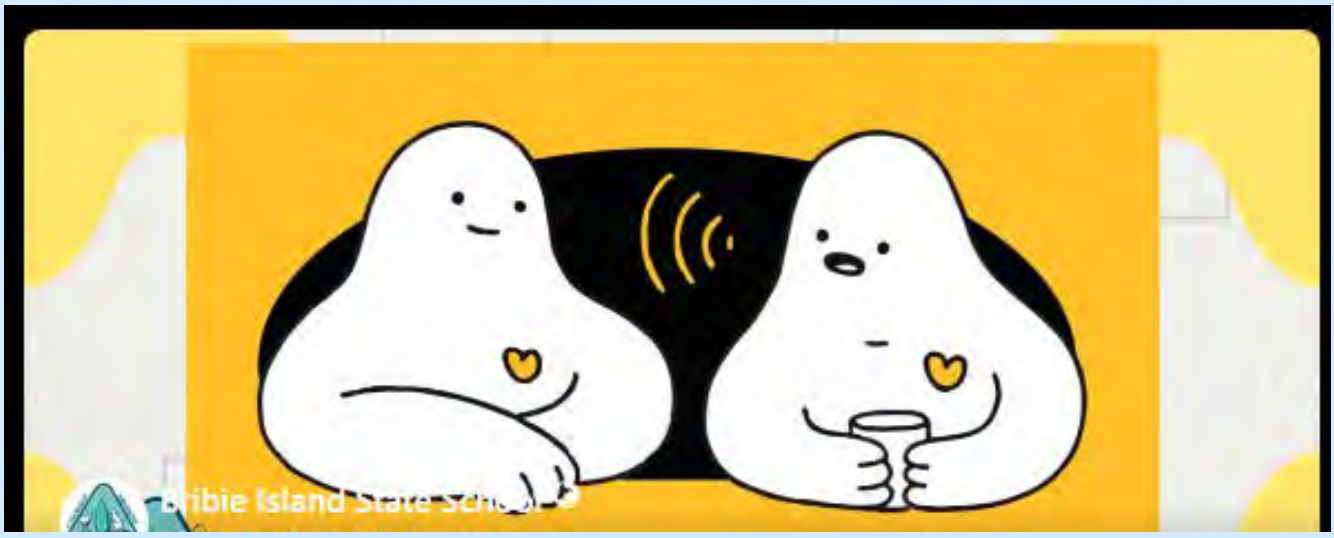

R U OK? Day is an important reminder that sometimes the smallest actions can have the biggest impact — saying hello, inviting someone to join in, offering a helping hand, listening, or simply asking "Are you OK?"

💛 Be the friend who notices.
💛 Be the person who includes.
💛 Be the one who checks in.
💛 Be the 'I' in KIND.

Because creating a school where everyone feels safe, valued and that they belong starts with each of us. 💛

STEM Lessons

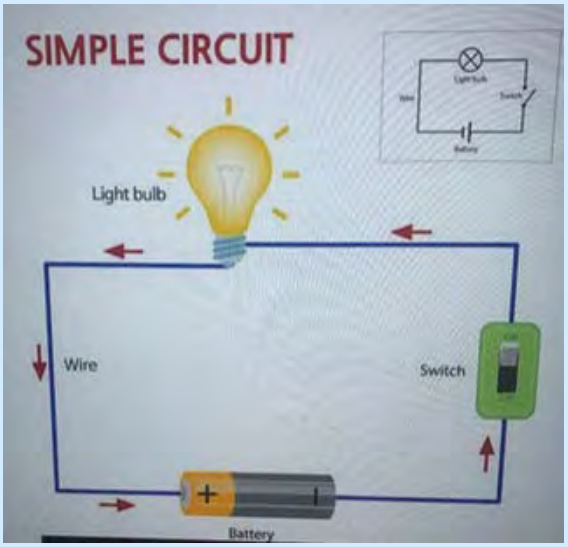

Each week, Mr Settle, from Bribie Island State High School, visits our senior classes for a STEM lesson.
This term, he has been focussing on electrical circuits, which is part of our current Science curriculum.
5/6D and Mrs Greenfield always look forward to his lessons.

What's the Buzz in Sport?

Representing the Caboolture District, our Senior Boy's Invitation Rugby League Team competed against other Sunshine Coast district winners from the term 2 school gala events in the Mark-West-Dolphins-Cup at Maroochydore.

This event was a knock-out style completion with lots of outstanding footy played on the day.

Our boys did our small school proud against much larger schools, playing a total of 100 minutes of full-field 13 a-side footy across the day.

We finished the day in 4th overall after a hard fought 40-minute battle that ended in a draw! This is an outstanding achievement!!

We are so very proud of the team's effort, sportsmanship, and comradery.

Well done to our Team Captain Levi and Vice-Captain Owen W who were exceptional leaders on the field across the day.

A big thank you from BISS and our players must go to Mr Cam Wilson for volunteering his time over the last three weeks to assist as team trainer and assistant coach – it was very much appreciated!

Mr Cameron (Coach)

What's the Buzz in Sport?

Our Rugby boys presented Mr Cameron with a thank you gift for all his hard work coaching and taking the boys to the Billy Moore Gala Days and the Mark West Invitational Cup. Thank you Mr Cameron!

Thank you!

Celebrating our amazing Teacher Aides today who are an important part of the workings of our wonderful school. Thank-you for the work you do each and every day supporting staff and students of our community
